

Superstore Performance Analysis Report

Comprehensive visualization of Sales, Profit, and Geographic Trends

| EXECUTIVE OVERVIEW

Total Revenue Impact

The Superstore achieved a gross sales volume of **\$2.3M**, demonstrating strong market penetration across all key segments and territories.

Net Profitability

Total profit reached **\$286K**, maintaining a healthy overall margin of 12.4% despite significant variations in category performance.

GEOGRAPHIC SALES DISTRIBUTION

Market Dominance

The West and East regions emerged as the primary revenue drivers, collectively contributing over 60% of the total sales volume.

- 📍 **West Region:** Leads with \$725K in sales.
- 📍 **East Region:** Close second with \$678K.
- ⚠️ **South Region:** Opportunity for growth at \$391K.

PRIMARY PRODUCT PORTFOLIOS

Furniture

Tables, chairs, and office furnishing solutions.

Office Supplies

Paper, binders, and essential stationery items.

Technology

High-value hardware, phones, and accessories.

SALES PERFORMANCE BY REGION

**Values in USD. Western region maintains a 6.8% lead over the Eastern territory.*

CORE PROFITABILITY DRIVERS

Tech Leadership

Technology remains the primary profit engine due to high unit costs and consistent demand for modernization.

Supply Efficiency

Office Supplies offer the highest frequency of sales with stable, low-risk profit margins per transaction.

Logistic Impact

Shipping costs and item weight significantly impact the bottom line for bulky Furniture items.

QUARTERLY SALES TRAJECTORY

Aggressive growth observed in Q4 due to seasonal holiday promotions.

Net Profit

| STRATEGIC ROADMAP 2024

-  **Furniture Optimization:** Reduce aggressive discounting in the Furniture category to stabilize eroding profit margins.
-  **Regional Focus:** Deploy targeted marketing campaigns in the South region to narrow the sales gap with coastal territories.
-  **Tech Expansion:** Increase inventory for high-margin technology sub-categories like Phones and Copiers.
-  **Operational Efficiency:** Streamline logistics to reduce shipping overhead for bulk transactions.

DATA-DRIVEN EXCELLENCE

Our analysis proves that leveraging granular visual data is the key to identifying hidden inefficiencies and untapped market potential.

By integrating geographic and categorical insights, the Superstore can transition from volume-focused growth to value-driven profitability.
